

TOWER LITE CAS

5000 lumen floodlight with integrated tripod for CAS battery system

TOWER LITE CAS is a tripod with two built-in floodlights providing up to 5000 lumen and is compatible with METABO/CAS battery system 18V.

Featuring 360° flexible and turnable floodlights, the lights can be positioned in many different positions to obtain the desired lighting angle, providing perfect lighting condition for painting and installation work. It is extendable up to 2 meters and features 2 level light output (50-100%) which makes it possible to adjust the light according to the work task.

TOWER LITE CAS is compatible with METABO/CAS battery system 18V and the SCANGRIP POWER SUPPLY can be used for direct power providing unlimited availability to light.

It comes with an integrated carrying handle and is very light-weight, only 5.2 kg. Featuring a quick-fold system, TOWER CAS LITE is compact and easy to carry around when folded.

Convert your TOWER LITE CAS to a corded model with the SCANGRIP POWER SUPPLY
